Press Release for immediate Release

### NCAComp announces reorganization

In a recent reorganization of the executive team at NCAComp, CEO Kevin Gregory has turned over day to day operations of the company to Steve B. Gidwitz, NCAComp's current President.

In prepared remarks, Gregory said, "NCAComp's current employees are the best group I have worked with in over 3 decades in the insurance industry. Our top management team of Steve Gidwitz as President, Erin Gregory as VP, Business Development and Devon Fik as Claims VP has demonstrated great skill in managing the growth of our company over the past several years. Their plans for sophisticated development of our customer service capabilities, and our employees' ability to execute those plans, gives me confidence that our growth will continue well into the future. After being active in the insurance industry for 38 years, I felt this was a perfect time to step back a bit, trusting the day to day operations to Steve and his team."

Gregory will continue in his role as Chairman of the Board of Directors, taking that title.
